*The Bergen-Passaic TGA Ryan White Planning Council is excited to present the Day of Capacity, a dynamic and comprehensive training event dedicated to educating and empowering the community about vital aspects of HIV care and support. This event is designed to provide in-depth knowledge and practical guidance on various services available through the Ryan White Program. It aims to enhance accessibility for both service providers and clients by focusing on key topics such as understanding Ryan White Services, addressing the unique needs of aging individuals living with HIV, anal colposcopy, navigating services for uninsurable clients, and exploring innovative treatment options, including Cabenuva, an injectable medication for HIV management. Participants will be able to engage with experts, participate in interactive sessions, and gain valuable insights to elevate service delivery and improve client outcomes within the TGA.*
