HIV HEALTH SERVICES PLANNING COUNCIL

Service Category Definition – Outreach Services

(HIV/AIDS Bureau Policy Clarification Notice #16-02, Revised 10/22/2018)

The Outreach Services category has as its principal purpose identifying PLWH who either do not know their HIV status, or who know their status but are not currently in care. As such, Outreach Services provide the following activities: 1) identification of people who do not know their HIV status and/or 2) linkage or re-engagement of PLWH who know their status into HRSA RWHAP services, including provision of information about health care coverage options.

Because Outreach Services are often provided to people who do not know their HIV status, some activities within this service category will likely reach people who are HIV negative. When these activities identify someone living with HIV, eligible clients must be linked to HRSA RWHAP services.

Outreach Services must:

1. Use data to target populations and places that have a high probability of reaching PLWH who
 - a. Have never been tested and are undiagnosed,
 - b. Have been tested, diagnosed as HIV positive, but have not received their test results, or
 - c. Have been tested, know their HIV positive status, but are not in medical care;
2. Be conducted at times and in places where there is a high probability that PLWH will be identified; and
3. Be delivered in coordination with local and state HIV prevention outreach programs to avoid duplication of effort.

Outreach Services may be provided through community and public awareness activities (e.g., posters, flyers, billboards, social media, TV or radio announcements) that meet the requirements above and include explicit and clear links to and information about available HRSA RWHAP services. Ultimately, HIV-negative people may receive Outreach Services and must be referred to risk reduction activities.

When these activities identify someone living with HIV, eligible clients must be linked to HRSA RWHAP services.

Program Guidance

(HIV/AIDS Bureau Policy Clarification Notice #16-02, Revised 10/22/2018)

Outreach Services provided to an individual or in small group settings cannot be delivered anonymously, as some information is needed to facilitate any necessary follow-up and care.

Outreach Services must not include outreach activities that exclusively promote HIV prevention education. Recipients and subrecipients may use Outreach Services funds for HIV testing when HRSA RWHAP resources are available and where the testing would not supplant other existing funding.

Ryan White HIV/AIDS Program Eligibility Requirements

(HIV/AIDS Bureau Policy Clarification Notice #13-02, Revised 5/1/2019)

Person(s) seeking services in the Ryan White HIV/AIDS Program (RWHAP) must meet the following requirements for eligibility:

- Any person(s) with an HIV diagnosis or their legal guardian who lives in the City of Paterson, Passaic County, and/or Bergen County, New Jersey; **OR**
- A person designated as the individual's medical power of attorney (i.e., their court appointed representative or legal representative). *Proper documentation must be collected at initial determination and redetermination to verify guardianship or medical power of attorney. AND*
- Any individual with a household income that is at or below 500% of the federal poverty level; **AND**
- Any individual who is uninsured or underinsured.

Client eligibility must be certified annually and recertified at least every six months. The primary purpose of the RWHAP eligibility certification process is to ensure that an individual's residency, income, and insurance status continues to meet the Bergen-Passaic transitional grant area (TGA) eligibility requirements and to verify that the RWHAP is the payer of last resort. The eligibility recertification process includes checking for the availability of all other third-party payers. Subrecipients are also required to obtain documentation of CD4 and viral load laboratory results at each eligibility certification and recertification for all clients. Laboratory results must be recent and within 6-months of the eligibility determination date. Subrecipients are required to obtain documentation and maintain the results of the laboratory results in client chart and documented in eCOMPAS.

Quality Management Outcomes and Quality Assurance Measures

(HIV/AIDS Bureau Policy Clarification Notice #15-02, Updated 11/30/2018)

In addition to the system-wide Service Standards applicable to all RWHAP Part A and Minority AIDS Initiative (MAI)-funded subrecipients, the following program specific Service Standards apply to Outreach Services subrecipients. These Service Standards are an essential component of the Bergen-Passaic Quality Management program to inform the on-going monitoring and evaluation of RWHAP Part A and MAI-funded outreach service subrecipients by the City of Paterson Ryan White Grants Division Office (Recipient). Full compliance with these Service Standard is expected for RWHAP Part A funded subrecipients that have contracts with the City of Paterson, Ryan White Grants Division.

HRSA/HAB Performance Measure: HIV Viral Load Suppression (NQF#: 2082)

Clients Rights and Responsibilities

Services will be provided to all eligible RWHAP clients without discrimination on the basis of: HIV status, race, creed, age, sex, gender identity or expression, marital or parental status, sexual orientation, religion, physical or mental status, immigrant status, or any other basis prohibited by law. Subrecipient's providing services are required to have a statement of consumer rights and responsibilities posted and/or accessible to the client. Each Subrecipient will take all necessary actions to ensure that services are provided in accordance with the consumer rights and responsibilities statement and that each consumer understands fully their rights and responsibilities.

Clients Charts, Privacy, and Confidentiality

Subrecipient's providing services must comply with the Health Insurance Portability and Accountability Act (HIPAA) provisions and regulations and all federal and state laws concerning confidentiality of consumers Personal Health Information (PHI). Subrecipient's must have a client release of information policy in place and review the release regulations with the client before services are received. A signed copy of the release of information form must be included in the clients' record. Information on all clients receiving Ryan White Part A funded services must be entered in the HRSA sponsored, Bergen-Passaic TGA managed, eCOMPAS database.

Cultural and Linguistic Competency

Subrecipient's providing services must adhere to the National Standards on Culturally and Linguistically Appropriate Services. (please see <https://minorityhealth.hhs.gov/omh/browse.aspx?lvl=2&lvlid=53> for more information)

Client Grievance Process

Each Subrecipient must have a written grievance procedure policy in place which provides for the objective review of client grievances and alleged violations of service standards. Clients will be routinely informed about and assisted in utilizing this procedure and shall not be discriminated against for doing so. A signed copy of the grievance procedure policy form must be included in the clients' record.

Case Closure Protocol

Each Subrecipient providing services must have a case closure protocol on file. The reason for case closure must be properly documented in each client's file. If a client chooses to receive services from another provider the Subrecipient must honor the request from the client.
